## Summary

Enthusiastic Full Stack Developer with experience in Angular, .NET CORE, SQL and Azure. Skilled in developing efficient, scalable solutions with attention to detail and a focus on teamwork. Motivated to contribute to organizational success and continuous growth.

---

## Experience

### Full Stack Developer (GS Lab| GAVS)

(11/2023 - Present, Chennai)

#### Human Resource and Payroll (HRP)

Worked on the Human Resource and Payroll (HRP) project, developing solutions like Administrator Maintenance, Employee Self-Service (ESS), and Manager Self-Service (MSS) portals. These platforms streamlined HR and payroll operations, ensuring secure and efficient processes for organizations and employees

#### Project Achievements

- Resolved and closed 80+ tickets spanning **stored procedures, processor APIs, backend APIs, and frontend UI**.
- Optimized application performance by 20% while ensuring code quality by writing comprehensive **unit test cases** and actively contributed to **Agile Scrum** processes, including sprint planning, daily stand-ups, and retrospectives to enhance collaboration and deliverables
- Worked with technologies such as **Angular, .NET WebAPI, MS SQL, and Azure**.

### Industrial Training (GS Lab| GAVS)

(08/2023 - 11/2023)

- Completed a 10-week intensive program focused on full-stack development (C#, React, Angular, Git, MongoDB).
  - Acquired expertise in both frontend and backend development through hands-on projects and instruction based on Scaffolding, CRUD Operations, **Entity Framework**, Git etc.
- 

## Skills

Technical Skills: Angular, .NET, TypeScript, HTML, CSS, MS SQL, C#, Azure

Soft Skills: Communication, Teamwork, Adaptability

---

## Education

### Bachelor of Technology (Lovely Professional University)

(07/2019 - 07/2023)

Computer Science Engineering | **GPA: 7.30**

---

## Personal Projects

### Personal Portfolio

(07/2022)

- Built a professional portfolio using React, Nodejs, HTML, and CSS.

Link: <https://bit.ly/3LVIRnG>

### TechQues : Learning Platform

(01/2023 - 04/2023)

- A learning platform for all tech enthusiast, built using tech stack Angular, .NET and SQL having topics spread across all major tech and programming languages.
- 

## Certifications

- **Web Development Bootcamp**

(04/2022 - 09/2022)

- **Azure IaaS and Azure PaaS Architecture and Solutions**

(11/2022 - Present)
